Technip

PIPE IN PIPE - Towed or Reeled

Wednesday 10 March 2010

Bar Opens: 1730 Lecture Start: 1800 Supper: 1930

Hilton Treetops Hotel, Springfield Road, Aberdeen

Chairman: Alan Black, Technical Director, Acergy UK

Twenty Years of Pipe in Pipe

Gordon Tough, Lead Rigid Pipelines Engineer, Technip

Technip first installed reeled pipe in pipe in 1989. Since then Technip has installed over 50 pipe in pipe flowlines with a further 5 projects planned for 2010. This presentation provides an overview of Technip's design, fabrication and installation methods. With reference to Technip's project track record, the presentation will show the development of pipe in pipe projects over the last 20 years.

The presentation will also provide details of Technip's ongoing pipe in pipe development work providing an indication of current capabilities such as electrically heated pipe in pipe.

Harvey Jamieson, Project Engineering Manager and Alan MacLeay, UK Engineering Director, Subsea 7

Pipe in Pipe systems can be either integrated into bundle solutions as a "pipe within a pipe within a pipe" or can alternatively be used as standalone systems. The consideration about whether they are towed out as their method of installation or reeled, J or S laid is dependent on a number of factors. Subsea 7's presentation will illustrate some of the parameters given consideration when determining the optimal client solution between a towed or reel laid pipe in pipe solution.

NEW MEMBERS ATTEND FREE - Please see over

REGISTRATION FEES: SUT Members **£15.00** Non-Members **£25.00*** SUT Student Members: **£5.00**
Please complete and return to: SUT, Innovation Centre, Exploration Drive, Bridge of Don, Aberdeen, AB23 8GX
Fax: 01224 820236 Email: michele.ross@sut.org Phone: 01224 823637 Online: www.events.sut.org.uk

I will pay by cash cheque credit card We can only invoice for multiple registrations.

Join the Society for Underwater Technology NOW as a Full Individual Member and you

Can attend this evening meeting **FREE**

The charge for Full Individual Membership is £70 p.a. *and payment in full must accompany this application.*

To become a Full Individual Member of SUT, you must either:

- be aged over 21 years, *and*
- show a professional interest or experience in the field of underwater technology,
- be a graduate of a recognised university or hold a diploma from a recognised engineering institution or a qualification of comparable status in a relevant branch of science or technology

or:

- have held a post of responsibility in the field of underwater technology for not less than three years

Note: If you are a staff member of an organisation that is a Corporate Member of the Society you can already enjoy all the advertised discounted member rates for meetings and publications.

PLEASE PRINT APPLICATION FORM IN BLOCK CAPITALS OR TYPE
